PCORnet LHS Pilot NEWS!

PCORnet Design Meeting

We are looking forward to our PCORnet Design Meeting next week in Chicago. This will be an opportunity for you and your team to finalize your system framework, define the role of patients and families in improving outcomes in your network, and learn about recruitment strategies that will optimize your network's success!

Please keep an eye out for an important pre-event email being sent on Wednesday. This email will contain important logistical information regarding the Design Meeting.

Save the Date

What: Learning Networks Community Conference
When: September 5, 2018
Where: Kingsgate Marriott, Cincinnati, OH

More information, including registration and high level agenda will be available in the coming months.

What: Learning Session One
When: January 17-18, 2019
Where: Atlanta Marriott Marquis, Atlanta, GA

More information, including registration, audience, and high level agenda will be available in the coming months.

Important Reminders

- Remember to have your team's virtual sharing space in place prior to next week's design session. This shared space will make viewing, drafting, and editing various documents that your team has been developing much easier. Your team will have time set aside during the design session to work on these materials.
- If you have not already, take a moment to review the [90-day timeline and Registry Roadmap](#) that Stephanie Loos shared after last week's Registry, Data, and Analytics call. If you have any questions after reviewing the materials, do not hesitate to reach out to Stephanie Loos or Dave Purcell.

- Don't forget to join your colleagues on Thursday, June 14th at 1:00p eastern for this month's PCORnet Action Period Call. This will be an opportunity to share successes, discuss barriers, and have your questions answered prior to the Design Session.
- The PCORnet ListServ is another great way to facilitate cross-network discussion and collaboration. If you have any issues regarding the ListServ, please contact the PCORnet Coordinating team by emailing the [PCORnet LHS Community inbox](#).

The Commons Corner!

The Commons home page is your one stop shop for everything your team needs to be successful. If you have trouble accessing any of the materials available, do not hesitate to email the [PCORnet LHS Community inbox](#) for assistance.

The Commons' Discussion Board is LIVE and easier to find than ever! The discussion board can be found on The Commons' home page in the right hand column. Simply enter your "Subject" and "Body", then hit "Save". Your discussion will be posted to The Commons' home page! You are encouraged to begin using this platform immediately to increase cross-network sharing and collaboration!
